- Back to Caprice 8 September

## WHAT AN INCREDIBLE HIGH SCHOOL WE HAVE!

On Wednesday our High School visited us to promote their annual Fashion Show. What a proud moment it was to see just how much each group of students means to the other. Thank you CBHS for always including us and being such an inspiration!

## CALLING ALL RUGBY FANS

Not only will we be screening the opening France vs New Zealand game of the Rugby World Cup at Caprice next Friday night, but we have managed to get our hands on an actual Springbok ASICS player jersey. These jerseys are given to the Springboks and are not available to the public... except if you win it at our auction fundraiser. This is one of seven exclusive items available on the night. We can't wait to see you there. Get your ticket on Karri now!

## GENERAL KNOWLEDGE

Last Friday our General Knowledge Team competed against 17 other schools in the 2nd round of the Inter-Schools General Knowledge Quiz. We placed 14th and although we did not qualify for the final round, our brainy boffins thoroughly enjoyed the experience and are to be commended for their efforts!

## CHILDREN WHO WILL BE LEAVING AT THE END OF YEAR 2023

Please notify the office if your child will not be attending Camps Bay Primary in 2024, as there are a number of children on waiting lists. (This excludes all grade 7's leaving for high school). Also, a reminder that you would need to give a terms notice before end of term 3 which is 29 September.

NO UNDER 18'S

## TRAILER CRASHES INTO SCHOOL

On Wednesday afternoon, a trailer loaded with wood became detached from a vehicle parked about 50m up the road. It rolled down before crashing through the fencing at the corner of Ingelside Road and Kinnoull Roa Street. We had children in the playground at the time

and we were very fortunate that no-one was injured. I spent time with the two affected classes the next morning to talk about what had happened and allow the children to process it all in their own way. Thanks to our support team who have responded so quickly to getting the fence repaired. Thank you to our teachers who managed this with their children so well.

## GRADE 5'S VISIT THE IZIKO MUSEUM OF NATURAL HISTORY AND THE PLANETARIUM

Our children have watched the constellations and learned about space. They learned about different animals and a very interesting comparison between the human body and the whales skeleton.

## CONGRATULATIONS SLATER FOR GREAT KARTING

Slater Smith participated in Johannesburg at the Rotax National karting Final at the challenging Zwartkops circuit on August 26, 2023.

Navigating a track, he had never experienced before proved to be a true test of his capabilities. Despite the ups and downs of the weekend, Slater's unwavering commitment shone through, narrowly missing 6th place by a single point and ultimately claiming a commendable 7th position.

Notably, this marked the culmination of the national competitions for the year, and Slater's inaugural year of competition culminated in a remarkable 5th place out of 24 competitors in his class throughout South Africa. With a humble spirit and immense pride, Slater

acknowledges the dedication that brought him this far in his debut year. Well done Slater -Proudly CBPS!

## LOGAN CONQUERS GRAVEL CHALLENGE

Logan Thomas took part in the Old Hermon Gravel Ride on Saturday near Wellington.

The conditions were really tough as it was extremely muddy and wet, but he powered through the race and came 2nd in his age group! He really earned his medal! Well done Thomas Proudly CBPS!

In Grade 3 we created our own family flag (crest) after learning about the symbolism of flags, in particular, the South African flag

We also  
made  
Family  
Trees !

## FROM THE SPORTS OFFICE

Participation in sporting activities is something that has the potential to make a difference in many people's lives. We have been working hard on offering more opportunity for participation in all our sports. To be able to host three swimming gala's this term as well as chess, netball and soccer fixtures every week, as well as hosting our own rugby festival is proof of this.

Hard work does pay off and whilst we do enjoy the set of results we are experiencing; it is always good to reevaluate where we are and how we can move forward in our sport. We look forward to the final 2 weeks of extramural activities for Term 3 and we encourage the learners to make the most of every opportunity.

### Upcoming events:

Friday, 8 September: U11A soccer tournament at Kronendal (7-a-side)

Saturday, 9 September: U12A netball festival at Welgemoed Primary

Friday, 15 September: U13A soccer tournament at Kronendal (7-a-side)
