

CBPS SUPER SWIMMERS WIN GALA

Upcoming Events

- Friendship week 13-15 February
- Civvies day Pink, red & white 14 February R5
- CBPS Senior Gala (Gr 4 – 7) – 17 February
- Open Day – 22 February – Invite interested friends.
- School Picnic – 24 February

Our first Inter School Gala of the year showed that the commitment that our swimmers have shown in training has borne fruit. Our team won the relay gala against Hout Bay International, Reddam, Curro, Kronendal and Groote Schuur convincingly. Congratulations to our swimmers who all swam so well. Thank you to our parents for supporting the team and the staff for a well-organized gala.

WORLD MASTERS PADEL TOURNAMENT RETURNS NEXT WEEK

Cape Town is hosting a large number of international events which is bringing employment and money to the province. One of these is on our doorstep and sees the top Padel Tennis Players in the world fighting it out in Camps Bay at the first Padel Master Tournament in the world for 2023. We hope to be able to get our children in to see some of the tournament too!

CONGRATULATIONS ADAM!

Adam Faclier made the Under 14 finals of the National RipCurl Surf Competition held in Kommetjie over the weekend. He came 4th in his age group. What an awesome achievement!

Well done, Adam – Proudly CBPS!

CBPS STRIKES....WATER!

Over the December holiday the borehole project at the Prep School was completed. This was the second attempt to sink a borehole to assist in lowering the bill at the Prep grounds. It was a challenging project due to the nature of the rock which was encountered, but we are grateful to Roland Kugelmann of SDS and his team for the superb job they did. This borehole should pay itself off in the first half of this year allowing for more savings for the school.

FAMILY PICNIC + COOL STUFF @ THE PREP CAMPUS

Our annual family picnic is happening on Friday 24 February and we are looking forward to having a brilliant evening together. The Padel Courts will be available and there will be an opportunity for parents to enjoy games and activities with the kids. We will be hosting this event at the Prep Campus and we look forward to seeing you all there. Details regarding food and the programme will follow soon.

MySchool

The MySchool cards have raised **R5 596.89** this month for Camps Bay Primary.

Thank you so much for choosing to support our school with your card purchases. We really appreciate your support.

Well done, keep swiping!

FROM THE SPORT DESK

Athletics - On Monday, 6 February, our school team attended the Inter-School Athletics Event at Jan van Riebeeck, where there were close to 500 athletes taking part. On a hot day, our learners gave their best efforts and although not every race or event had the desired outcome, we have a number of learners who did exceptionally well and broke records on the day.

We are proud of each athlete that represented the school and look forward to pushing our athletics programme to the next level. A massive word of thanks goes to our Head of Athletics, Mrs Weldon, for all her organisational skills as well as all the staff who are involved in making the sport great.

Please look out for an email from Mr Smith regarding the results for the day as well as the athletes who will be competing at the next event. Please note that learners who have not made it through to the next round may still attend athletics practices on a Tuesday and Thursday morning in order to improve and develop. We will be streaming athletes at these sessions to ensure progress for each learner at an appropriate level.

What is Experi-Buddies?

Experi-Buddies is an educational extra-mural science programme that uses experiments to show young children that the world of science can be fun.

This is done by means of interactive projects, exciting demonstrations and basic experiments.

We aim to make your child's introduction to science an unforgettable learning experience.

What happens in an Experi-Buddies class?

The goal during this time is to:

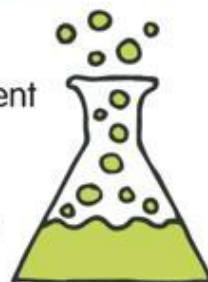

- have as much FUN as possible.

- give each child an opportunity to do at least one experiment on their OWN.

- do at least one experiment that has a "WOW" factor.

- do experiments that cover various scientific fields such as Chemistry, Physics, Geology, Biology, Meteorology and Astronomy.

- give a basic explanation of the science behind each experiment.

At the end of each lesson every child receives an "Experi-Bag" to take home. This consists of:

- a weekly letter to parents explaining what we have done in class. This will provide you with the background knowledge to discuss the topic further at home.
- a simple experiment with instructions that can be done at home OR the result of an experiment that was done in class.

Outside on the Patio - Reception Grade Campus

Our main objective is for the children to experience the medium of clay, to have fun while learning the techniques of building. The children make functional ware as well as fun pieces - favourite subjects include animals or magical creatures and scenes built on a flat slab. Don't get me started on how much they love painting - "it's about the journey, not the destination!"

Clay Creations offers children an excellent opportunity to explore their own creativity. Additionally, they benefit by listening to instruction, processing information received, both verbally and non-verbally and concentrating while using their fine motor skills and hand eye co-ordination.

I offer 45 / one-hour lessons with one project being completed each week (we build and paint in the same lesson). The children's glazed work is returned to them every week. (expect at the beginning of term, which takes 2 weeks). Lessons are set out at the beginning of the term and include:

- making pinch pots
- building with coils (sausages)
- working with slabs (flat pieces of clay)

Each project is brought back to my studio to be dried, fired and glazed.
