## BUDGET MEETING

We hope to see as many parents as possible at our annual budget meeting. This is where you get to see how the finances of the school are managed and utilized to deliver the education experience you have chosen for your children.

We will be including a short presentation from Ms Latha Kalpee, managing director of University Partnerships at Higher Education Partners Africa, who has spent some time in our senior classes. She will give insight into her experience in the classes and her perception of how we are preparing our children for high school and even tertiary education.

I will be talking briefly about our vision and the progress made in delivering on this vision, which is intended to create context for the budget meeting to follow.
