## PTA NEWS

With just two weekends left before raffle sheets need to be completed and returned to school, now is the time to make an effort and sell tickets to your family, friends and colleagues.

Tickets are just R25 each and the prizes are awesome! There is also a prize for the learner and the class that sells the most tickets. (Additional sheets are available from Ms Fernandes or from the bursars.) Most importantly though, by selling tickets, you will be making a big difference to CBPS - the funds raised from this raffle will be going towards buying more iPads and introducing robotics and coding in 2023.

All raffle sheets issued must be returned to school on **Wednesday, 30 November**.

## FROM THE SPORTS OFFICE

We have come to the end of a fascinating sporting year. There have been many positives to reflect on and it is always important to look at these, as it shows the growth that each individual has put into their sport and cultural activities.

On many occasions, the word "potential" has been used and we can all agree that at our school, there is an abundance of talent.

This leads us to look to the future and how we can ensure our sporting and cultural activities stay strong so that our children realise their potential.

We will continue to work on our core sports, maximise our coaching ability and be effective in establishing relationships between school, clubs, and professional coaches.

## ATHLETICS CLINIC

A reminder that we are hosting an athletics clinic on Saturday, 26 November at the Symmonds field from 9am to 1pm and would like as many interested athletes to attend the event. Please see the link to register:

## GRADE R

**had a visitor for show and tell this week.**

## GRADE 5

A big thank you to our student counsellor, from SACAP, Shev Segal, for volunteering her time during Term 3 & 4 for this Grade 5 initiative and for the individual counselling sessions she provided to some of our learners. Over the last couple of weeks, the grade 5's created a booklet

around Bullying and the different aspects that are linked to it. They looked at topics such as assertive communication, emotions and feelings, conflict resolutions, types of friendships and different skills, as well as how to deal with bullies.

It was a space that allowed them to explore their personal experiences and to learn and grow in the areas of bullying and relationships (communication). There were fun

activities that were utilised that created a fun learning atmosphere. The grade 5's were very engaging and were challenged to think differently. At the end, we read through a kindness poem and pledged to make Kindness our superpowers.

# FACTORS WE TAKE INTO ACCOUNT WHEN POSITIONING YOUR PROPERTY IN THE MARKET

## SIZE OF PROPERTY & ADDITIONAL FEATURES

The value of your property is determined by the size and existing condition of the property, its architectural design, the number and size of bedrooms and the living area. Additional features such as an entertainment area, built-in bar, security features, pool, designer kitchen and underfloor heating, also contribute to the value of your property.

## MARKET CONDITIONS AND TRENDS

Market value is not only the amount a buyer is willing to pay but also the amount a seller is willing to accept with all else being equal and stable. When we estimate the market value for your property we look at current factors like the banks' willingness to award a bond as well as supply and demand for properties in the area.

## APPEAL

Road appeal, interior appeal and the level of maintenance carried out on the building(s) and surrounds are all taken into account when we assess your property.

## RECENT COMPARATIVE SALES

Discover insight into recent sales activity in your neighbourhood. Comparative sales of similar properties in the area play an important part in the assessment process.

## LOCATION

Location, location, location. We have said it before and will say it again, location is the number one factor we consider when estimating the selling value for your property.

## CURRENT PROPERTIES ON THE MARKET

See how your property compares with the market. The pricing of competing properties on the market as well as the number of days they have been available for sale will be a big contributor to the pricing of your home.

**When you are interested in finding out the current market value of your home, give me a call today.**
