

END OF TERM

We have enjoyed a really busy term which has seen our children being given great opportunities to express themselves in so many ways. The

sport festivals and the cultural plays have added a special flavour and we have finished on a high with our Golden Ticket Week. Again, we have sadly been let down with high absenteeism in the last week which is very disappointing given the incredible effort that the staff have made to create a fun and different learning experience in our final week of term. Our final assembly was amazing and I am grateful to all who were present.

Mr Tabiso Mdlalo

We were all shocked to learn of the death of Mr Mdlalo last weekend. There have been so many stories of his friendliness and willingness to always assist others. We will miss his kindness and his happy presence at school. I know that there have been offers of assistance for his family as they deal with funeral arrangements. If you would like to contribute you can do so by making a deposit into the school account with your name and "TABISO" as a reference. Our bursars will ensure that the funds go towards these arrangements.

Thank you to all those who attended the memorial yesterday. It was a beautiful tribute to Tabiso.

Loadshedding Relief

We were affected by loadshedding this term, especially in the early mornings when classes were dark. We have had some incredibly generous donations made to us by parents to put towards finding solutions. This has enabled us to give the go-ahead for an inverter/battery installation for the Prep Campuses. The Primary Campus is much larger and more complex, however we are working towards a solution for this campus too. We do need more funds to be able to complete these projects. Tax certificates can be provided in return for any donations for this cause. We hope to be able to go ahead with a solution for the Primary School soon too.

Upcoming Events

- Term 3 starts 18 July
- Extra-Murals start 19 July
- RAK week starts 24 July

PUSHING THE STANDARD UP

Academics

Last year we had one recipient at the premier Mathematics Competition, the Horizon Maths Competition. This year we had 4! It is also the year in which we introduced our Mathematics Enrichment Programme for talented maths students with Ms Belinda Lumley. The article below tells you more about what has been achieved. We are extremely proud.

Sport

We have also been pleased with the increase in sporting participation and the improved level at which our sport teams are operating. My thanks to all the staff for the extra effort being made. My thanks to the parents for the transport and support. And my congratulations to our players who have all stepped up so much! Well done!

CONGRATULATIONS - THE HORIZON MATHS COMPETITION

Each year, from across South Africa, schools are invited to participate in The Horizon Maths Competition. The aim is to awaken potential and excitement for mathematics in young minds. The competition consists of two rounds which stretch the participants beyond the confines of the syllabus, encouraging problem-solving and out the box thinking. This year, we were thrilled to celebrate four of our learners taking top honours - ranking in the top 0.4% of the 37 000 participants in the Western Cape! The prize winners received their awards last Thursday at a prestigious awards ceremony at the Baxter Theatre and we are immensely proud of their achievements:

Keegan Zechner-Perrin

Placed 25th and
top learner at
Camps Bay
Primary School

Francis Kotze

83rd place

Hassan Omar

154th place

Elle Venter

160th place

FROM THE SPORTS OFFICE

Thank you to all the parents and staff for their support in making the extramural programme possible. Parents, you are deeply appreciated for giving up your time to ensure our learners arrive at the fixtures timeously and we simply couldn't do this without you. Please note that the 2nd term is a carry over to the 3rd term so your child will be expected to resume with the sports code that they signed up for.

3rd term important dates:

Please note that our extra-murals begin on Wednesday, 19 July.

Our first set of fixtures will take place the following week with each netball age group taking part in various festivals. Your coaches will inform you of the arrangements at the start of the 3rd term.

We will also be hosting an U7 & U8 mini netball and soccer festival on 29 July at the Symmonds field.

On Saturday, 5 August, the U7A & U8A netball teams will participate in a **netball festival hosted by Jan van Riebeeck.**

On Saturday, 19 August, our U9A - U13A netball teams will be at a **netball festival hosted at Rhenish Primary.**

On Saturday, 2 September, we will be hosting our **First U9, U11 and U13 Rugby 7's Festival.**

We will be hosting three Nite Gala's during the 3rd term. This is open to all swimmers who have been training with their clubs throughout the winter season and is extended to all schools who have swimmers who have been training.

The dates for the gala's are:

- Thursday, 27 July @ Wendy Way Aquatic Centre
- Thursday, 17 August @ Wendy Way Aquatic Centre
- Thursday, 31 August @ Wendy Way Aquatic Centre

These gala's are fantastic events as it helps the learners to gauge their times and gives each swimmer an opportunity to be involved in swimming throughout the year.

It is going to be a busy sporting term as we have set fixtures every week until 15 September.

Enjoy the holiday and keep fit.

HAPPY, HEALTHY KIDS

OUTLINE:

- ★ Identifying, labelling & managing emotions
- ★ Knowing you, knowing me and getting along!
- ★ Conflict- Mouse, Monster & Me

- ★ AGE: 8-10
(Space is limited to 12 children)
- ★ Dates: 26-28 June
- ★ Must attend all 3 days
- ★ Times: 09:00 -12:00
- ★ Cost: R650
- ★ Venue: Growing Minds, 68 Barnet St, Gardens, Cape Town, 8001

This is a fun and interactive workshop. The development of social and emotional skills promotes children's ability to have an awareness of their feelings, cope with difficulties, manage themselves, relate to others and manage conflict. When children are taught specific strategies for recognising and responding to feelings and communicating effectively, they are less likely to act out frustrations at school or elsewhere. Children's friendships have their ups and downs and it is not always easy for them to know how to manage their friendships. This workshop teaches children about empathy and building healthy relationships. They will be taught to identify and label their feelings, manage uncomfortable feelings and relate to others. They will learn self-awareness, social-awareness, effective communication and self-management skills.

Help us build

PUMP TRACK for Camps Bay Park

We are collecting funds for a 180m pump track in the Camps Bay Park.

Our aim is to create a safe environment for our kids to be able to ride their bicycles and improve their skills. We want to build a 180m dirt pump track to go inside the perimeter of the Camps Bay Park (next to the tennis courts on The Drive). Nothing similar exists in the area, and it will create a space where kids can play outside and away from screens!

We need to raise R150,000* to make this awesome idea become reality. Every little bit of help will be greatly appreciated!
