

## Women's Day

On Wednesday we celebrated the success of our Banyana Banyana Soccer Team making history as the first SA Team to progress to the final 16 in a World Cup. On the same day our Proteas Netball Team also made history by drawing with New Zealand to stay alive in the Netball World Cup.

In case we needed a reminder, we are surrounded by remarkable women who make a huge impact on our country and world. Even though the way women are regarded has changed over the last century, the fact that our female soccer players will return to continue to earn less than their less successful male counterparts do, reminds us that the issue of how people of different gender are treated remains. It is also complex, as our children found out in their Thinking Classes this week. One learner raised the question as to why when given the opportunity to host a world class female event, the stands have been so empty? Such a rich discussion followed! The level of discussion in some instances has been incredible. Thank you to our learners for their engagement and interest.

What I think we realised in these classes, is that conscious and deliberate decisions are needed in order to affect change. I am very grateful that we have the space and freedom at Camps Bay Primary to be able to hear all the voices in the room. I have no doubt that it will assist in producing young women who are confident of their worth and role in society. I also know that we are contributing to the development of young men who have a healthier attitude to women, which is so desperately needed.

On Monday the U9 Netball Team were very fortunate to attend the Netball World Cup and on Thursday our lucky draw winners ranging from U10-U13 also attended. Thank you to the Grade 3 parent who so kindly arranged the tickets. What a wonderful opportunity for our netball players. Proudly CBPS!!!

## FROM THE SPORTS OFFICE

It goes without saying that the women's national soccer team have made us proud by making history by reaching the knockout stages of the soccer world cup.

This also makes me

think of the amount of effort and energy that has gone into getting to this point.

Through all the negative comments and being able to rise above the stereotypical criticism, it is great to see what we can achieve together.

All dreams have a beginning and in that, it is so good to see how passionate the learners are about being involved in the extramural programme. We have come across some tough opposition, but this is where growth has happened, and we need to take the lessons from those occasions and let it fuel our desire to take ourselves further.

Parents have been so supportive this past week with transport. We thank you for being willing to step in when you are needed.
