ADMISSIONS POLICY

Adopted by the School Governing Body on 3 March 2020

Chairperson:

Principal:

INTRODUCTION AND PURPOSE

The admission policy of a public school is determined by the governing body of the school in terms of section 5(5) of the South African Schools Act, 1996 (No. 84 of 1996). Camps Bay Primary School (CBPS) recognises The Bill of Rights as declared in the SA. Constitution¹ and in line with the SASA², the National Education Policy for Admission for Ordinary Public Schools³ and the WCED Policy for the Management of Admission and Registration at Ordinary Public schools⁴ the SGB has developed an Admission Policy (statutory for schools) that supports achieving the vision of the school, while protecting the rights of applicants.

CBPS's Admissions Policy serves to regulate and give clarity to the conditions, requirements and expectations around the admission of children to the school and to achieve transparency and accountability in the process.

This aims to offer all stakeholders a simple and easy policy that will, within the confines of the law, facilitate a process that allows stakeholders to understand the expectations, functions and operations within the framework of our school.

The implementation of this policy should ensure the correct and fair handling of applications and ensure the lawful administration of learner admission and registration in schools; enable effective teaching and learning to commence on the first day of the school year and the first day of successive school terms and align the admission processes with the WCED CEMIS requirements and enable the admission of learners to take place in a timely and an efficient manner.

ADMISSION POLICY

INTRODUCTION

CBPS is committed to providing quality education based on the provision of a wide spectrum of academic, sporting and cultural activities determined by the staffing and facilities available at the school. CBPS is committed to having a complement of learners that is culturally and racially diverse and no prospective learner will be refused admission on the grounds of race, gender, culture or religious belief.

Applications should be made with the following in mind:

1. CBPS is a fee-paying school and parents vote on and commit to paying the school fees as set at the annual budget meeting. Parents must agree to pay the School Fees as per the resolution adopted by the majority of parents attending the Annual Financial Meeting in accordance with the School Governing Body Constitution. **Both** parents must indicate their agreement by signing the application form. In the case of divorced/separated parents, it is

¹ Constitution of the Republic of South Africa Act 108 of 1996

² South African Schools Act 86 of 1994 and amendments.

³ Notice No. 2432 of 1998

⁴ Circular 0026/2010

the responsibility of the parent applying for application at the School to obtain a signed copy of the application form from their divorced/separated partner.

2. The language of instruction is English and learners admitted to the School will need to be proficient in English so as not to prejudice their academic progress or that of other learners, or teaching and learning generally at the School.
3. Applications must be submitted before the closing date as prescribed by the WCED in the year prior to that for which application is made. Applicants will be notified of their interview date within a month of the closing date and notified within two months as to the success or not of their application. These dates are determined by the Principal in order to comply with timeframes for applications for admission to WCED schools. No preference will be given to the order in which the applications are received. Applications received after the closing dates will be waitlisted.
4. Siblings of Camps Bay Primary School learners and children of CBPS employees' applications will be considered preferentially. However, admission is not guaranteed.
5. As CBPS is a co-educational school, the ratio of boys and girls will be taken into consideration.
6. Children must be age appropriate as per WCED requirements.
7. Regard will be given to the available number of places at CBPS given the maximum class sizes determined by the Governing Body in accordance with the School's commitment to providing a quality education together with the prescribed admission criteria. A maximum of 75 learners in Grade R and a maximum of 90 per grade in grades 1 – 7.
8. Learners living in the immediate feeder area will be given preference since if the child lives out of the area the required travelling time will make it difficult for the child to partake in extra mural activities and late-coming could be a problem. Proximity does not guarantee admission.
9. Admission must be judged to be in the best interests of the learner with regard to the CBPS academic standards and the requirement of participation in the sporting and cultural life of the School.
10. Every application will be judged on its merits as determined by the Principal and the Admissions Committee. Consideration will be given to the following:
 - (a) The Applicant (learner) demonstrates an enthusiasm for participation in the academic, sporting and cultural activities offered by their current school.
 - (b) The Applicant (learner) will benefit the most from the subjects, activities and facilities offered by CBPS.
 - (c) The Applicant (learner) has a good disciplinary record.

11. Fulfilment of any one of the above criteria will be utilized in reviewing and assessing the application. However, it does not guarantee admission.
12. To facilitate the above, the SGB requires that the principal or a designated person will meet with the applicants to establish the strengths and needs of each candidate and to assist appropriate placement decisions. A parent shall be entitled to submit, together with the application, such additional documentation that may demonstrate compliance with the admission criteria as set out in the policy.
13. In making a secondary admission application, the parents must provide written motivation on one or more of the above points, or any other relevant alternative points which will be used in determining admission to the School. This will be presented to the SGB for consideration.
14. Subject to the general principles and criteria set out above, the Governing Body has determined that the Principal will have the discretion to admit learners taking into consideration the prescribed Admission Policy & Procedure document. The absence or presence of one or more of these factors does not mean that a learner will necessarily be refused or guaranteed admission.
